

Sandplay Therapy LEVEL 3 Clinical practitioner

Sandplay therapy creates a bridge between the conscious and unconscious.

Dora Kalff (1904-1990) describes it as a "pathway to the psyche...In the hands of a properly prepared therapist, it is a powerful, invaluable modality".

"The Sandplay method takes the limited therapeutic possibilities of language into account with great seriousness and offers alternative means of psychic expression".

Dr Martin Kalff (2003)
